

IICF Volunteer and Month of Giving Design/Production Details:

- The art is made up of solid Pantone colors and the fonts have been converted to outlines, so no fonts are needed.
- The reversed logo (for imprinting on color t-shirts) prints Pantone 109 (IICF Yellow), Pantone 281 (IICF Dark Blue) and White.
- The standard logo (for imprinting on white or light color t-shirts) prints the same colors. White can be eliminated from this version if the t-shirts are white. The white of the t-shirt becomes the white type.

Please find additional instructions on the following pages.

Note to Print Vendors: The information in red, below, does not print. Please provide a proof to client for approval before printing.
